

Please add the following new claims:

96. The therapeutic composition or anti-inflammatory medicament according to claim 45, wherein said optically pure amino acid is selected from the group consisting of L-histidine, L-isoleucine, L-leucine, L-lysine, L-methionine, L-phenylalanine, L-threonine, L-tryptophan, and L-valine.

97. The therapeutic composition or anti-inflammatory medicament according to claim 45, wherein said optically pure amino acid is selected from the group consisting of L-alanine, L-arginine, L-asparagine, L-cysteine, L-glutamic acid, L-glutamine, L-glutamate, L-proline, L-serine, glycine, L-threonine, L-tyrosine, L-aurine, L-gamma amino butyric acid, and L-carnitine.

98. The therapeutic or anti-inflammatory composition according to claim 45, further comprising linoleic fatty acids or linolenic fatty acids.

99. The therapeutic or anti-inflammatory composition according to claim 45, wherein the composition comprises a combination of optically pure essential amino acids in a ratio of four moles L-leucine: two moles L-alanine: two moles L-valine: one mole methionine: one mole L-gamma butyric acid: one mole L-betaine: one mole glycine.

100. The therapeutic or anti-inflammatory composition according to claim 99, further comprising linoleic fatty acids or linolenic fatty acids.
